Logging In

The login screen should be easy to find on the school website. If you have a website powered by eSchools, a platform login button will be present on the website header on every page or on the the homepage; this will take you directly to the login screen. If your website is not powered by eSchools, they may have added a link to the login page for you elsewhere on the site. *If you still cannot find a link, please contact your school on where to go to login.*

On the Login Screen

The screenshot shows the eSchools login interface. At the top left is the eSchools logo with the tagline 'MAKING SCHOOLS CLICK'. To its right are two links: 'Contact support' (callout 4) and 'Visit school website' (callout 7). Below these is a navigation bar with two tabs: 'Please login...' (callout 1) and 'Picture Login'. The 'Please login...' tab is active. Below the tabs are two input fields: 'Username or Email Address' (callout 2) and 'Password'. A green 'LOGIN' button (callout 3) is positioned to the right of the password field. At the bottom left is a 'CLICK CEOP Internet Safety' logo (callout 5).
